He provides communication consultancy focusing primarily on fashion, design and luxury brands.

**ENRIQUE MARTÍ ASSOCIATES**

Enrique MartíAsociados is a multidisciplinary design studio born in March 2013 after the union of Ángel and Enrique Martí, industrial designers with a vast experience in the design and product development.  
offers a comprehensive design service from new products development to everything about corporate image, communication, product management and design consultancy.

Ooland is a young brand from a home-living company with a long history.

Ooland is an abbreviation for only and original land.

Ooland, sticks to the principle of «less is more» and pursues purity and simplicity. It conceives in the name of beautiful shape and practical function.

Ooland commits to presenting elegant, functional furniture of high quality. Seeing is believing.  
Every single detail presents the customers with satisfying experience.

This world becomes smaller. Ooland holds the design concept that the design should not only benefit itself, but also concern about the society.

A good design absolutely is the respect to human and nature.

Ooland reflects the vigorous pursuing of exquisiteness with careful craftsmanship.

Beautiful, different, fresh and completely modular CLOCK is strong due its particular shape and structure. The table base is made in reinforced fiberglass polypropylene and can be adapted to almost every kind of top despite its material (glass, veneered board, compact board).

A modern outdoor patio scene. In the foreground, two dark-stained wooden tables are visible. The table on the left is round with a thick top and a curved, integrated leg. The table on the right is rectangular with a similar thick top and simple, straight legs. Behind the tables, two large, light-colored ceramic pots hold agave plants. The patio is paved with light-colored rectangular tiles. In the background, a white building with large glass windows is visible, reflecting the outdoor scene. Lush green foliage is behind the building.
